TAKE A STAND WRITING ACTIVITY

Let's connect last weeks "What Freedom Means to you" question that many of you responded to, to what is going on in society today due to the pandemic. Write an argumentative response supporting your opinion to the following question.

How does society/government balance protecting individual freedoms and protecting public good?

Or more specifically:

Are "Stay Home, Stay Safe" orders a form of protecting public good or violation of individual freedoms?

Things to think about:

Should we have absolute freedom? Why?

Should government be able to restrict our freedoms? Why?

Should there be a balance? Why?

There are no correct answers to this, simply support what your believe/decision with reasons.
